It's no secret that when the bite is "on" and conditions are right, the canyons off the south Jersey coast some of the best fishing opportunities in the world. On Day Five of the 2004 Mid-Atlantic \$500,000, 117 boats fishing the final day of sportfishing's "Main Event," the bite was indeed "on." Mind boggling best describe the action on Friday, a day traditionally called "moving day" at the tournament where boats move up and down the leaderboard often occur as boats return from offshore. A moderate southwest wind created seas of three to five-foot offshore but that didn't seem to bother the billfish as many boats in the fleet saw well over two dozen white marlin during the day. Reports of double and triple headers were common and release flags were flying high on the riggers of the fleet as the boats returned to Cape May and Ocean City, Maryland. Over 200 billfish were caught on the final day of the tournament and in that Friday did indeed prove to be "moving day" as some significant changes did indeed occur in the star

Andy Schlotter had to sweat out the radio chatter of all the white marlin being hooked and released on Day Five but the 75-pound white marlin caught aboard his My Time on Tuesday held up to win the category with a \$258,889. Roy Schwabach's Sherrie Lynn had those on the leaderboard concerned when he returned to the Canyon Club just after 4 p.m., nearly an hour before the scales would open, with a white marlin. The Sherrie Lynn boated their fish caught by Ed Smith, Jr. just before noon and knew it was a contender. The 74 pounds the white marlin earned the Sherrie Lynn a second place finish in the category and won \$479,305. In a unique twist, Trey Rhyne's Over Under and Val Lynch's Cyntinory each weighed a white marlin of 71-pounds on Day Five to finish in a three-way tie with Joe Recuperero's Bone Shaker. Each received \$18,926. Rob Wagner was the angler who caught the Cyntinory's billfish and Nick Christos caught the white marlin on Over Under which just happened to be the first white marlin he ever caught!

While well over two dozen blue marlin were caught during the week, cracking the stringent 400-pound minimum weight proved to be difficult. On Monday, Steve Hotz's True Grit weighed the only qualifying blue marlin in the tournament and his 518-pound billfish held up all week and swept all three places in the category and won \$365,668.

In the tuna division, numerous reports of boated tuna had the crew of Elio Mazzella's El Gina on edge they hoped their 182-pound big eye caught on Monday was heavy enough to hold on to the top spot. Despite a late day charge by other boats weighing tuna, El Gina's big eye caught on Monday won the category and \$170,334. Bill Post's Lady Louise finished in second place with a 150-pound big eye caught on Tuesday and won \$98,555. Howard Teitelbaum's At Last weighed a big eye of 132 pounds caught on Friday and finished in third place and won \$51,779.

Tony Faraco's Christie won the dolphin division with a 44-pound mahi-mahi and Howard Teitelbaum won the wahoo division with a 58.5-pound wahoo. Both of those fish were caught on Wednesday and received \$10,000.
