

Bahamas Lease/Charter Options with OU

Over Under Sportfishing would like to invite anyone considering leaving their boat State-side this season to take a look at what we've got set up here in the Bahamas. Our boat is already here therefore a large part of the expense is already incurred. So, we are hoping some folks might opt to come use ours. This means no reposition/fuel costs from FL to Bahamas and back!

The OU Boat

The **OVER UNDER** has gone through a major renovation and has been largely remodeled and upgraded. New AC's throughout, Vacuflush freshwater heads, remodeled interior, carpet, electronics are just some of the highlights. We finished up our Bahamas season last year with Over Under and will be starting back up on November 25th. The boat has three staterooms and three private heads. It is the perfect live-aboard boat. It cruises a very easy 20 knots burning about 45 gallons per hour, with twin Man diesels. Dual gensets and 1200 gallons of fuel make this a go-anywhere (for a while) type of boat.

This boat is top notch and ready to fish any serious Billfish Tournament in a moment's notice and can be entered in all legs of the BBC this year. Our tackle is 100% Penn and most is less than two years old. See our full inventory of tackle below. The boat is based in the Abacos starting in late November, 2009 and will be going to the southern Bahamas in both January, and again in May, however, it can be pre-positioned wherever you'd like it, but it is very cost effective to use it where it is!

Lease & Charter Options

The boat is available for weekly or longer "leases". "Lease the boat" and use it as your own. You set the agenda, you supply whatever tackle, crew, bait, etc. you want to bring. Typically we leave a captain aboard (or can get a room, so you have the boat to yourself), to assist in vessel upkeep, planning, etc. We also offer 3 to 7 day, fully crewed, Bahamas vacation packages, but we do encourage *Private Sport Fish Owners* to come use our boat. It is available, professionally rigged & maintained, and ready to fish.

Looking to get down to Crooked Island, Diana Bank, Acklins, or even further south? This boat has been there before and is set up for extended cruising. Want to pull into Atlantis for a day or two, no problem. Take an island hopping cruise with the whole family and enjoy all the sites and attractions that the Abacos has to offer. The possibilities are pretty much endless and we've been all over the Bahamian Islands, so we've got plenty of helpful advice on planning your perfect trip.

We have a weekly rate of \$5,000-\$7,000 plus expenses set for the 2010 Season. Compare this to typical weekly charters leaving out of Fort Lauderdale (with big reposition expenses) of \$10,000 per week and up. If you want to discuss a 2-4 week arrangement, longer term leases are available and are negotiable. Using the boat for accommodations as a stay aboard is 100% okay. We also have great deals worked out on rooms with several resorts.

We currently have a 19' Key West Center Console in the Abacos that we use for our own running around, diving, etc. We are willing to talk about throwing this in for the week also (in the Abacos).

Tackle

We are fully loaded, but encourage you to bring anything you want.

Tackle Inventory:

3 Penn 70VS
3 Penn 50VSW
1 Penn 80VSW
2 Penn 16V SX
2 Penn GLD 30II
2 Penn 450's Spinning Set-Ups
2 Penn 760's Spinning Set-Ups
Kristal Electric Deep Dropping Rod/Reel Set-Up

Don't see something you'd like? Ask, we've got LOTS more in storage State-side.

Just because you are not bringing your boat to the Bahamas, doesn't mean you have to miss out this year! Let us take the hassle out of the equation, and keep your costs down. Come use our boat and just let us know how you'd like the trip to go down, so we can properly provision the boat for your stay.

Treasure Cay, Bahamas
